MATERIAL SAFETY DATA SHEET

Page 1 of 2

TECTAPE TXT**1. IDENTIFICATION OF THE SUBSTANCE / PREPARATION & OF THE COMPANY / UNDERTAKING**

Product name: Tectape TXT
Product type: Combination of modified butyl adhesive with aluminium sheet reinforcement.
Company name: Lindab Ltd.
Unit 9-10 Carousel Way, Riverside Business Park, Northampton, NN3 9HG
Tel: 01604 788350 Fax: 01604 788351

2. HAZARDS IDENTIFICATION

Identification: Product does not meet classification and labelling criteria given in directive EC1272/2008. Under normal industrial conditions, there is no indication that the product can be considered as a health risk.
Labelling elements: None
Other hazards: PBT: no
vPvB: no

3. COMPOSITION / INFORMATION ON INGREDIENTS

Ingredients: Butyl tape based on non-hazardous polymers as classified by EC1272/2008
This product does not contain hazardous components.

4. FIRST AID MEASURES

Symptoms and effects: Due to concentration ingestion, skin contact, or inhalation of sufficient quantities to induce symptoms is unlikely.
Skin contact: Thoroughly wash exposed area with soap and water, get medical attention if reaction develops and irritation persists.
Eye contact: May cause eye irritation if wiped or rubber comes in contact; seek medical attention if irritation persists.
Ingestion: Ingestion of sufficient quantities to induce symptoms is unlikely. Apply for medical advice. Do not induce vomiting.
Inhalation: Inhalation of sufficient quantities to induce symptoms is unlikely.

5. FIRE-FIGHTING MEASURES

Extinguishing media: Use water, foam or dry powder to extinguish.
Unsuitable extinguishing media: No limitation known.
Dangerous decomposition products: Combustion may yield several by-products: CO, CO₂, various hydrocarbons, H₂S, SO_x (sulfur oxides), sulfuric acid and unidentified inorganic compounds. To prevent environmental damage, if possible collect water used to extinguish the fire in basins.
Protective equipment: Follow normal firefighting procedures. Fire-fighters should wear self-contained breathing apparatus, especially in enclosed areas.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: No special precautions required.
Environmental precautions: No special precautions required.
Clean-up methods - Small spillage: Collect into container and dispose in accordance with local regulations.
Clean-up methods - Large spillage: Collect into container and dispose in accordance with local regulations.

7. HANDLING & STORAGE

Handling: No special precautions required. Good industrial and personal hygiene practice should be followed. No eating, drinking and smoking in the workplace.
Storage: Store between +5 °C and + 30 °C. Store dry in the original packaging.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering control measures: No special precautions required, good industrial and personal hygiene practice should be followed. No eating, drinking and smoking in the workplace.

Use the best available methods of handling for our products whereby the employees enjoy the maximum safety and whereby the environment is minimally taxed.

TECTAPE TXT

9. PHYSICAL & CHEMICAL PROPERTIES

Physical state at 20°C:	Solid	Flammability:	Not established
Form:	Solid, tape	Auto ignition temp.:	> 200 °C
Odour:	Not applicable	Explosion properties:	Not applicable
Colour:	Grey, aluminium	Vapour density:	Not applicable
Relative density:	≥ 1.30 g/cm ³	Vapour pressure:	Not applicable.
Viscosity:	Not applicable.	Solubility in water	Not soluble
Boiling point / range:	Not applicable.	Solubility in solvents:	Solvents.
Melting point/ range:	Not established	PH:	Not applicable
Flash point:	Not established	Partition coefficient n-octanol/ water:	Not established

10. STABILITY & REACTION

Stability:	Stable under recommended storage conditions.
Conditions to avoid:	Open flames.
Materials to avoid:	No materials to avoid.
Hazardous decomposition products:	Under normal conditions of storage and use, hazardous decomposition products should not be produced. (incomplete) Combustion may yield several by-products: CO, CO ₂ , various hydrocarbons, H ₂ S, SO _x (sulfur oxides), sulfuric acid and unidentified inorganic compounds.

11. TOXICOLOGICAL INFORMATION

Basis for assessment:	Low toxicity is indicated by available data. Under normal industrial conditions, there is no indication that the product can be considered as a health risk.
------------------------------	--

12. ECOLOGICAL INFORMATION

Mobility:	Not mobile.
Persistence/ degradability:	Product is hardly degradable.
Bioaccumulation:	There is seemingly no tendency for bioaccumulation.
Ecotoxicity:	Product is not toxic.

13. DISPOSAL CONSIDERATIONS

Waste disposal:	All product disposals should comply with local, national or EEC regulations
Product disposal:	All product disposals should comply with local, national or EEC regulations

14. TRANSPORT INFORMATION

Regulations:	The product is not classified as dangerous for transport.
---------------------	---

15. REGULATORY INFORMATION

Note:	Not applicable.
--------------	-----------------

16. OTHER INFORMATION

Legal disclaimer:	<p>This Material Safety Data sheet conforms to EEC Directive EU/453/2010 – EC/1907/2006.</p> <p>The information given here is to the best of our knowledge true and accurate. As our company has no indication of the application and conditions where our products are used, the user must take the necessary precautions to guarantee safety and the environment. No responsibility can arise or be derived from this document, neither can any guarantee or warranty be given for results in the end use. It is the responsibility of the user to ensure that during handling, storage and use of the product all regulations to protection of man and environment are observed.</p>
